

INDOOR AMPLIFIER-250mW, 500mW and 1W
Installation Instructions
For HD22795, HD22796, HD22797, HD22798

AC Power Option:

- Attach antenna cable from radio to Amplifier (1).
- Attach antenna cable from Amplifier to Antenna (2).
- Attach supplied power supply to the power input port (3).

Power over Ethernet Option:

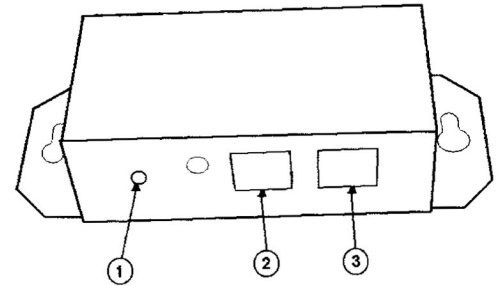

- Attach antenna cable from radio to Amplifier (1).
- Attach antenna cable from Amplifier to Antenna (2).
- Connect Category 5 cable input (4).
- Connect Category 5 cable output to AP/Bridge (5).

Component List:

1. Type N Connector to Radio
2. Type N Connector to Antenna
3. Power Supply Input
4. Category 5 cable input
5. Category 5 cable output

Power Over Ethernet Injector
Installation Instructions

- Install AC power adaptor (1)
- Connect Category 5 cable input (3).
- Connect Category 5 cable output (2).

Component List:

1. Power Input
2. Category 5 cable output
3. Category 5 cable input
